2017 Qualified Health Plans (QHPs) for Small Groups include a new ambulatory surgery benefit tier to encourage members to use ambulatory surgical facilities and professional services that are not only in-network, but from a list of preferred providers. Visit members.bcidiaho.com (Benefits and Coverage tab) for a list of preferred ambulatory surgical facilities that provide the best coinsurance rate for these benefits. For accurate results, be sure to identify your network as well as the provider.

For example, the in-network coinsurance rate for services, after deductible, from LISTED preferred facilities may be 10 or 20 percent, while the in-network charge for UNLISTED providers may be 20 or 30 percent (depending on plan). Out-of-network coinsurance rates may be as high as 80 percent, after deductible, for the same service.
